LEGISLATIVE REVIEW

2006 — 2007 EXPENDITURE ESTIMATES

PREFACE

This document has been produced by the Department of Culture, Heritage and Tourism as a supplement to its Printed Estimates of Expenditure. It is intended to provide background information on the department, which complements the information contained in the Printed Estimates of Expenditure.

The contents of this supplement are organized into three parts. The first part provides an overview of the Department of Culture, Heritage and Tourism's 2006/07 budget requirements. The second part provides program and financial information including details of staffing requirements and expenditures. The information in part two is organized on the basis of existing main appropriations so that it will provide an easy cross-reference to the Printed Estimates of Expenditure. Part three provides a five-year historical budget comparison. A standard glossary of terms is also included at the end of the document.

This document has been developed to assist members of the Legislature in the review of the Printed Estimates of Expenditure. It is hoped that it will provide a meaningful information supplement and that it will meet the needs of the users of the information. I welcome feedback as to the usefulness of this supplementary information.

Honourable Eric Robinson
Minister of Culture, Heritage and Tourism

PART 1 — DEPARTMENTAL OVERVIEW

MANITOBA CULTURE, HERITAGE AND TOURISM

MINISTER

Honourable Eric Robinson

DEPUTY MINISTER

Sandra Hardy

HISTORICAL BACKGROUND

The Department of Culture, Heritage and Recreation was established in September 1983, when the Department of Cultural Affairs and Historical Resources amalgamated with the Recreation and Regional Services sections of the former Department of Fitness, Recreation and Sport. In January 1985, the functions carried out by the Advertising Audit Office, Information Services, Statutory Publications and all print and preparatory purchasing functions were established within the department.

In February 1991, the functions of immigration and settlement, and adult language training were consolidated within the department, which was re-named Culture, Heritage and Citizenship. In February 1996, the Fitness Directorate was transferred to the department and incorporated as part of what is known today as the Recreation and Regional Services Branch. In October 1999, multicultural and citizenship functions were transferred from the department, and the Tourism Division was transferred in, resulting in the present name of Culture, Heritage and Tourism.

In April 2003, the grant administration functions formerly carried out by the Community Support Programs office were transferred to the department, including funding for United Ways and the Manitoba Community Services Council. Effective April 1, 2005 Travel Manitoba was established as an agency of the Crown with responsibility for tourism delivery through services such as marketing, visitor information and industry excellence promotion. A Tourism Secretariat was retained within the department to oversee development and implementation of government's tourism policies.
